Town Debt

Balance against the town January 31, 1924	$4941 03
Balance against the town January 31, 1925	2994 15
Reduction of town debt during 1924	$1946 88

Last year there was raised by taxation $2,312.00 more than was raised in 1923—an increase of $1,812.00 for town purposes and $1,500.00 for the school district. This resulted in a tax rate of $3.50 on a hundred dollars which was 88 cents more than the 1923 rate.

This tax rate was divided as follows:

Raised for	*Per Ct.*	*Amt.*
Town charges	11.6	$ 0 40
Debt and interest	7.7	27
Highways and bridges	18.4	67
State Road maintenance	14.5	51
Town poor	0.8	02
Silsby Free public library	1.5	05
Old home day	0.4	01
State and County tax	10 4	36
Town purposes	65.3	$2 29
Schools—Grade	23.1	81
High School	11.6	40
	100 Pct.	$3 50

Notwithstanding the increased appropriations the Auditor's Statement shows that the Selectmen reduced the town debt $1,946.88, an increase of $1,603.22 over the 1923 reduction.

On the following pages there is presented for the voter's consideration the budget showing actual receipts and expenditures for 1924 compared with the estimated revenues and recommended expenditures for 1925. The estimated revenue from all sources except property taxes is $529.28 less than that received in 1924, so in order to reduce the amount raised by property taxes in 1925 the recommended expenditures should be closely followed. This budget has been carefully prepared and calls for a decrease of $2,262.93 in the 1925 expenditures as compared with those of 1924 with a view of decreasing the burden of local taxation and also to further reduce the town debt.

Respectfully submitted,

CLARENCE M. BROOKS, Town Auditor.

The Public Library

REPORT OF LIBRARIAN

To the Trustees of Silsby Free Public Library and Citizens of the Town of Acworth:

In presenting this annual report, first of all I wish to express my appreciation to the interested friends, the Ladies' Aid Society and Woman's Club for contribution funds for magazines for this coming year; to Mr. S. A. Nye for taking the librarian's duties five weeks, and to all others who have done what they could to help out.

Books to the number of 1061 and 1126 magazines have been loaned, August being the best month and December the poorest. There seems to be a constant call for new books and we hope to purchase a few soon.

The furnace installed by the trustees was much needed and has proved a fuel saver, and the room free from smoke in the short time it has been in use.

There has been only a few books given the past year. We are still short two magazines which we hope some one may contribute,—Popular Mechanics and the Granite Monthly.

In many ways it has been a hard year, but here's hoping 1925 may be an improvement.

Respectfully submitted,

ANGIE H. LIVINGSTONE, Librarian.

The Public Schools

REPORT OF SUPERINTENDENT OF SCHOOLS

Members of the Acworth School Board:

Repairs and remodeling of the school buildings of Acworth have been a heavy drain on the budget. It is with relief that we can report that practically all the most expensive operations, including the painting of the Center School at Acworth Town, have been completed. Remodelling and refinishing of the high school room at South Acworth cost more than was expected, but the room is pleasant and has been kept in splendid condition during the year.

It is becoming imperative to replace certain of the desks at South Acworth. The superintendent recommends the purchasing of chair desks rather than those of the older style. The chair desks can easily be transferred from school to school, wherever the greatest demand is, and are far more satisfactory in every way. The high school is equipped with them.

With the improvement in the teaching that is constantly taking place will come a demand for further training on the part of teachers. Either further summer school attendance should be required, or else a reading course should be insisted on, in order that the improvement in teaching can continue.

It should be noted that in the lower grades, since the equalization funds have made possible an adequate supply of textbooks, four times the amount of reading is being completed. Expense must continue for at least three more

years in order to equip fully for reading in grades one to eight.

Each grade now is at or above the median standard in the "three R's."

Standard test work is still being carried on, and during this year will be extended into other subjects than heretofore.

The superintendent makes the following recommendations:—

1. Jacketing the stoves in all rooms. Probaby not all in one year.

2. Graduation exercises held in some hall, for children leaving the eighth grade. It is understood that this was formerly customary. It seems that it would pleasantly motivate an interest in the school work.

3. The appointment of a truant officer.

4. More definite follow-up work in health supervision, with the hiring of a registered nurse for such time as the finances permit.

5. Equipping one school with a complete map assortment, as has been done each year previously for three years.

6. Definite recognition by school board action of the need for further training of some sort on the part of teachers not certified by the state department through examination.

The superintendent desires to express appreciation of the splendid co-operation afforded him in his work by school board and teachers.

Respectfully submitted,

(Signed) LAWTON CHASE, Supt. of Schools.
